

At Herts Young Homeless we have been helping young people for over 27 years and in that time we have gained a full understanding of the problems they face and developed our expertise in providing the help they need to overcome them. We promote cross partnership working to provide seamless provision for vulnerable families.

Last year, we supported 16,334 young people & families to improve their lives through our various services which include, education, mediation, counselling & wellbeing, outreach and our Future Roots house.

Our Vision

Every young person has a safe home from which they can grow and thrive.

Our Mission

To break the cycle of youth homelessness in Hertfordshire through education, advice and support for young people and their families.

hyh Services

Our free county-wide services are broken down into three priority areas dealing with the problems of housing and homelessness by supplying specialist services for vulnerable young people in Hertfordshire as well as services for adults who have mental health and housing issues.

Prevention and early intervention

We want to enable more young people to remain living with their families. Our services will work to reduce the occurrence of youth homelessness in Hertfordshire.

Crisis intervention

We want to be able to provide crisis support in relation to housing free at the point of need. We will do this using our numerous partnerships across the county, that enable hyh to offer a fast and effective response to people threatened with or experiencing homelessness.

Independent living support

We want to empower individuals to make their own choices and live independently, helping them to avoid rent arrears and other behavioural, health and social issues which often lead to tenancy failure.

“I struggle with mental health issues. Having my support worker by my side has been a massive help”

Why we exist?

2,815 young people facing homelessness approached their local council last year.

87% of the families we supported last year experienced progress with their mental health & wellbeing.

Our **Hub** and **Outreach** services continue to see an increase in the complexity of issues- including association with **gangs** and **exploitation**.

Family breakdown is the leading cause of youth homelessness.

Move on options for young people are limited and in demand due to the rising numbers.

Why work with a local charity?

Help your local community

Boost staff morale and engagement

Increase your reach to a wider audience

Grow brand equity

Better public relations

How we can work together

We believe in the strength of partnerships and collaborating with local businesses to enable us to continue our mission.

Partnering with hyh will be a **bespoke partnership** to your company and enable you and your colleagues to play a part in ending youth homelessness across your communities in Hertfordshire.

Partners include:

croudacehomes

MWEALTH
